

Monthly Transparency Report #1

The Infinity Hash Project

September 2023

Introduction

When building a community project with financial incentives, trust is the foundation for the long-term success of such an endeavor. This monthly transparency report gives a complete insight into the mining hardware, profit data and energy expenses of the Infinity Hash project for the time period from **2023-09-01** to **2023-09-30**.

Profit overview

This month we generated the following profits and distributed them to all community members. Energy costs were deducted before paying out profits to the community and sending converted USDT to the Reinvest wallet.

Generated total:	0.37928550	BTC
Paid out profit:	0.06731082	BTC
Reinvest wallet:	1749	USDT
Energy expenses:	6420	USDT

The current Reinvest and Electricity wallets are publicly available via TRON-SCAN (<https://tronscan.org>). You can view incoming Reinvest and Energy transactions under *Transfers* in the form of incoming USDT transactions.

Reinvest:	TMaymjtdjGkS7n2uHbGQX2emznyD6pZVx4
Electricity:	TBy6NqQRUUQetSA8yeNgDBs6mh43hmcSm5

Any future changes to these wallets will be published in this report.

Hardware overview

Electricity expenses and power consumption

Here are the power consumption and electricity cost details for this month:

Total power draw:	174.446	kW
Avg. draw per miner:	3489	W
Monthly cost per miner:	138	USD
Avg. cost per KWh:	0.055	USD

Due to some miners being added during the month, a direct calculation of the average electricity cost per KWh may result in slightly lower numbers. The total power draw shown is the total consumption with all active miners online at the end of the month. Power usage data is collected directly from hardware.

New miners added

This month we added 5 new miners with the following stats:

- ih46 – Whatsminer M50 @ 114 TH/s (Share-sale)
- ih47 – Whatsminer M50 @ 118 TH/s (Share-sale)
- ih48 – Whatsminer M50 @ 112 TH/s (Share-sale)

- ih49 – Whatsminer M50 @ 116 TH/s (Reinvest)
- ih50 – Whatsminer M50 @ 118 TH/s (Share-sale)

The factual hashrate during production may fluctuate due to firmware upgrades and temperature changes.

Full miner list

List of all miners for the Infinity Hash project (as of the end of the month):

Table 1: Full miner list

Worker-ID	Avg. TH/s	Miner type	Status
ih1	120	M50	Active
ih2	119	M50	Active
ih3	121	M50	Active
ih4	121	M50	Active
ih5	117	M50	Active
ih6	123	M50	Active
ih7	123	M50	Active
